

HUB-MARK RUBBERS

FOR MY LADY'S FEET

She Walter Raleigh gallantly threw down his cloak on the wet earth that the Queen might pass with her dainty slippers.

For the past sixty years the manufacturers of Hub-Mark rubber footwear have served the women of the land even more effectively. A courtier's cloak for a carpet is good as far as it goes, but it doesn't go far enough. Hub-Mark rubbers have done such gallant service for years that the service is common talk. They furnish the one perfect weather-proof carpet wherever you go. Hub-Mark rubbers for men, women, boys or girls are standard both in quality of material and excellence of workmanship.

The first cost of Hub-Mark rubbers is no more than that of other first quality goods and they wear much longer. Figure it out and then say "Hub-Mark" to the storeman when you buy rubbers.

These rubbers are manufactured by the Boston Rubber Shoe Company, Malden, Mass.

HOUSE POSTPONES VOTE ON EUGENIC MARRIAGE BILL

(Continued from First Page)

being called up Wednesday morning. This bill is favored by some motor-men's union and is opposed by railway men. Mr. Stone of Vergennes believed that the public service commission already had jurisdiction in this matter and that the law was unnecessary. He wished time to look up the law.

"What is Lake Champlain, when one wants to shoot pickers?" This question was answered by House bill 246, which makes the lake include tributaries as far back from the mouth as there is no visible current. This was passed by the House Wednesday morning.

Other fish and game laws passed by the House Wednesday raise the bounty on bob-cats from two to five dollars; and provides for protection for bull pout in June and allow set lines for bull pout upon payment of a license fee of one dollar.

The armory bill, which would allow the State to contract with the towns to build armories, was ordered to lie Wednesday. A committee bill will later be introduced as a substitute. The bill which allows the State to use its present appropriation to buy armories from towns on the installment plan passed both houses. The Governor, however, insisted upon limiting the amount which could be contracted for under the act. This is now suggested at \$75,000.

The detention farm bill will come in from the appropriations committee with a second unfavorable report Wednesday. The committee was unanimously opposed to the farm because of the expense and because it was not considered feasible to employ several hundred men on one farm.

The bills taxing bank stock will not be acted upon until the general tax bill is disposed of.

At a meeting of the general committee Wednesday afternoon the Simonds bill, S. 60, providing for fingerprint identification and Bertillon system, was favorably reported for passage. Senator Simonds appeared before the committee and told of running down a gang of yeggmen by means of a thumb print on the top of an aluminum pot which enabled him to locate "Nevada-Mike" in another state and thus secure the conviction of a gang of over 20 dangerous criminals.

Despite the big meeting in Representatives hall at which Curtis Guild of Massachusetts was the orator Wednesday evening, and a hearing in the Senate chamber on the medical inspection of schools, about 25 farmers gathered in the Supreme court room to discuss the tax bill.

Mr. Hamblett of Barton asked how the committee proposed to secure a residence if the tax on intangibles was reduced to seven-tenths of 1 per cent. Mr. Demeritt of Duxbury, who has the bill in charge, called attention to the city of Baltimore, Md., in which the listed intangibles increased from \$120,000 to \$3,000,000 under a flat rate.

In answer to Mr. Hamblett's query as why only 75 per cent of offsets were allowed, Mr. Demeritt stated that it was a compromise between those who wanted to limit offsets to 50 per cent and those who, like Mr. Hamblett, thought they should be put in at 100 per cent.

There was a general discussion of the bill in which Messrs. Foote of Cornwall, Rublee of Berkshire and Senator Dunkle of Windham county participated.

At the hearing on the bill for inspection of schools by a school physician Miss Anna Davison of Brattleboro, representatives of the Woman's Federation, and Dr. C. F. Dalton of the state board of health appeared in behalf of the bill.

SOME PEOPLE SAY THAT

"Intoxicated Persons

imported from New York State on the cars and in automobiles are a nuisance

Therefore we vote license"

Such people would take a nuisance from outside the town and put it in the town.

Such people have short memories. We used to hear double the complaints of this nature compared with now since Bennington went dry.

Such people place their own self-interest above that of the whole town.

Anyway, though these are something of a nuisance, whose fault is it? Have we ever tried to remedy it?

Vote "No" to all nuisances!

EXECUTIVE COMMITTEE OF NO-LICENSE LEAGUE.
